0993 349 3393

1740, Las Piñas City,  
Metro Manila, Philippines

## About Me

Driven and enthusiastic undergraduate student currently pursuing a Bachelor of Science in Computer Science at Cavite State University - Bacoor City Campus. Passionate about coding, problem-solving, and continuous learning. Looking to gain practical experience in software development through internships or project collaborations.

## Experience

### Midterm Project: Checklist of Grades

April 2024

- Developed the front-end interface using HTML, CSS, and Bootstrap for a clean design.
- Utilized a relational database (SQL) to store and organize course data and grades efficiently.

### Final Project: Enrollment System

June 2024

- Responsible with the database design for a comprehensive enrollment management system, utilizing a relational database (SQL) for optimal data organization and integrity.
- Coordinated the documentation process, ensuring accurate and clear descriptions of system features and workflows

## Education
